Pencil Drawer	7.3
Totes and Tote Bearers	7.4
Tote Holders, Surface Mount	7.5
Storage Bins	7.6
White Board	7.7
Privacy Panel / Tackable Insert	7.8
Pegboard	7.9

PEDESTAL DRAWERS, HANGING

Pedestal drawers have double-wall drawer fronts and drawer sides. Drawers feature ball-bearing slides with quick disconnect and anti-rebound features (full-extension slides on file drawers, ¾-extension on box drawers). Pedestals meet or exceed ANSI-BIFMA standards for safety and reliability.

- Load capacity is up to 50 lbs. per drawer, not to exceed 150 lbs. per unit.
- Pedestals are keyed randomly (UM226-425) unless otherwise specified. Master keys and core removal keys available; consult factory.

TOTES AND TOTE BEARERS

Totes

Totes provide storage and a means of transportation for materials in workstations. Totes mount beneath surfaces as drawers using Tote Bearers or slide into Tote Holders for use as drawers.

- Load capacity is 25 lbs. when used with Tote Bearers and Tote Holders.
- Tote Bearers (see below) and Surface Mount Tote Holders (see page 7.5) are both sold separately.
- Tote finish is Ice.
- Tote Lid sold separately.

How to Specify

Step 1. Product Number

- T3A 3" High
- T6B 6" High
- T9C 9" High

Step 2. Finish Color Code

- CE Ice

Tote Bearers

Tote Bearers are compatible with Symbiote Totes and Co/Struc® products. Bearers include an integral stop to prevent Totes from extending out of the track. Sold as a pair. Plastic finish is Dark Tone.

- Tote Drawers are available. Contact Symbiote customer service for pricing and availability.
- Tote Bearers only mount under standard and corner work surfaces > 24" deep.
